HICH OLD TIME

Fun Began Early in the Day and Finished at Midnight.

SALT PALACE ATTRACTIONS

Bleycle Races and Other Purple Day Events Brought Out a Records Breaking Attendance.

The noble herd of Utah Elk, with bunches of brethren from the Idaho and Wyoming herds, had a great time of it In this city yesterday, in general, and Purple day, and the Elks saw that the day was properly purpled, and of the regulation, orthodox shade. The festivities were under the direction of the Salt Lake lodge, whose members did the entertaining after the right fashion.

The marning was given up to the gathering of the clans from different parts of the country, and the parade in the early afternoon was detailed in yesterday's "News." On arrival at the Salt Palace the fun began. The Mid-way was the center of attraction. It contained a Chinese garden, with gen-uine Mongolians to furish refreshing tea and sweetmeats. Then there was an art collection that the New York academy of Design would have been proud to have hung on its walls, and which caused general remark. The wild man from Borneo was very much in evidence imported com beyond the Philippines at vast expense; the whirling dervish whirled until the speciators became dizzy and faint; and the wheel of for-tune turned out a prize for every blank. The attendance was record-breaking, and the crowds remained until midnight. The bicycle races were heavily patronized, and the results were as follows:

Two-mile amateur lap race-First heat-Agraz first, Iver Redman second, B. Goodsell third, Ellswood fourth. Time-1:052-5. Second heat-C. P. Redman first, Limberg second, Tate third, Starbuck fourth. Time—1:03 4-5. Final— Limberg first, Blum second. C. Redman third, Laps: Goodsell 9, Blum 3, Agraz Time-4:21.

Two-mile professional tandem lap race—Hopper and Samuelson first, Stevens and Downing second, Turville and Holloway third, Burris and Staver fourth. Laps: Truville and Holloway 8, Hopper and Samuelson 4, Stevens and Downing 2, Burris and Staver 1. Time—4:02.

Stevens used a strange wheel, and his pacer had a punctured tire. Everybody was pleased with the xperiences of the afternoon and evening, and there does not seem to have been any unhappy or unfortunate incidents to mar the pleasure of the occasion.

No Sabstitute Offered.

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety-nine out of a hundred druggists recommend Cham-berlain's Colic, Cholera and Diarrhoea Remedy when the best remedy for d'arrhoea is asked for, and do so because they know it is the one remedy that can always be depended upon, even in the most severe and dangerous cases, Sold by all druggists.

LOOKS LIKE A WINNER. General Black Slated For Commander. In Chief of the G. A. R.

Gen. John C. Black of Illinois and wife registered at the Knutsford yesterday afternoon, and after lunch met a number of Salt Lake G. A. R. friends who called on him. The general was commissioner of pensions under Cleveland, and although he is a Democrat, he is a great favorite with Republican veterans. He was a division com-mander in the western army. Talks with prominent visiting veterans devel-ops the fact that Gen. Black ought to have a clean walk over for the office of commander-in-chief at the coming election. Gen. C. A. Partridge of Illiois said that no one would be nominated against him. It is evident that Gen. Black will carry the election on the first ballet, if not by acclamation with-

out balloting.
Corporal Tanner, the distinguished Corporal Tanner, the distinguished New York veteran, and commissioner of pensions under Harrison, left for the west yesterday afternoon. He had the distinction of having both feet clipped off at one fell swoop by a "seesesh" cannon ball at the second battle of Bull Run. He was corporal in the Eighty-seventh New York infantry, and ever since that batile has been a marked figure in American history. When asked today who he thought would be nominated for the presidency by the Republicans, he replied that a child could answer that question. There was but one answer, "Roosevelt." As to the second place, there is an uncertainty but the corporal thought that Gov. Durbin of Indiana would stand a very zood show.

Cholera Infantum.

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrloea Remedy came into general use The uniform success which attends the use of this remedy in all cases of bowel complaints in children has made it favorite wherever its value has become known. For sale by all druggists,

THE DEFUNCT WAS DEAD.

Foxhall Keene, who is now as notable for dare-devil automobiling as he was fornerly notable for dare-devil riding to hounds, was a witness, some years ago, n a small case that was tried before a in a small case that was tried before a country magistrate in Maine. This magistrate was most illiterate, and Keene sometimes tells a little story about him.

According to the story, the lawyer upon one side had occasion to refer to a dead man whose evidence, had he lived, would have been important.

"The defunct," the lawyer would say. "would have corroborated me in this, your honor;" or "The defunct, may it please the court, would, were he here:" or "It is notorious that the defunct declared frequently, your honor," and so on.

Whenever these references to the dead Whenever these references to the dead man were made, indignant objections came from the lawyer on the other side. The words, "the defunct," in fact, always caused a squabble, and it was to be observed that in this squabble the magistrate, from the beginning, had been disposed to take part. He frowned and shook his hand in reprobation a great deal, and finally he said impatiently: "What's the use o' talking so much about this chap you call the defunct. Can't you bring him here and let him speak for himself?"

"The defunct's dead, your honor," the lawyer interposed hastily.

The magistrate looked mollified. "Oh, that alters the case," he said.
